

# Follow Me

Mary Sue Berry

NIMUE:

Far from day, far from night,  
Out of time, out of sight,  
In between earth and sea,  
We shall fly; follow me.  
Dry the rain, warm the snow;  
Where the winds never go  
Follow me, follow me, follow me  
To a cave by a sapphire shore  
Where we'll walk through an emerald door,  
And for thousands of breathless evermores my life you shall be.  
Only you, only I,  
World farewell, world goodbye.  
To our home 'neath the sea  
We shall fly; follow me.  
Follow me, follow me, follow me.
