Supernaut

Stemm

I want to reach out
And touch the sky
I want to touch the stuff
But I don't need to flyI'm gonna climb up
every mountain on the moon
And find the dish
that ran away with the spoonI've crossed the ocean, turned every bend
I found the plastic and the golden rainbow's end
I've been through magic and through life's reality
I've lived a thousand years and it never bothered meGot no religion
Don't need no friends
Got all I want
And I don't need to pretendDon't try to reach me
'Cause I'd tear up your mind
I've seen the future
And I've left it behind
