

# Heart Of The Dead

## October Tide

I have waited with patience for this moment to come  
A promise, I expected not to be alone  
When the wind of the dark comes enclosing us in  
The whisper gets closer and I fake this grin  
A stranger in town with a bloodshot eye  
Sucked out my disease when I was said to die  
I won't spend the rest of my death underground  
He laughed as I died, I am no longer boundMy heart is not red  
This sea I've bled  
I have sold my fucking soul to the dead  
Their hunger is fed  
The beast in my head  
Heart of the dead  
Heart of the dead  
I left in the darkest hour  
I'm tired of breathing rain  
Still the night devours  
Each and every inch of pain  
No longer dressed in soil  
A guardian of the black and the cold  
Spirits of liars leading my way  
No longer inferno  
On earth I will stay
