

# Dark Monarch

## Within the Ruins

What lies underneath?  
A symbol of your hope  
A symbol of my fear  
A product of a man raised in shadows  
Some say you can't fight fate  
Some say you can't survive alone  
But it's what i do  
Its what I do that defines me  
Never falter  
Never suffer  
Under any atrocity  
Never falter  
Never suffer  
Under any enormity  
Never falter  
Never suffer  
Under any atrocity  
Never falter  
Never suffer  
Under any enormity  
You'll never see me coming  
I am the dark monarch  
I must disguise my terror  
This mask created what I am  
My disguise must strike terror  
This mask created what I am  
Never falter  
Never suffer  
You'll never see me coming  
I am the dark monarch  
You'll never see me coming  
I am the dark monarch  
A product of man  
Raised in shadows.
