

# Awake, Asleep

**Fyfe Dangerfield**

Come, come out of the dark and play  
Be gone, take another holiday  
Don't groan, you can stay Life, will you ever make a man of me?  
In flight, is all I ever want to be  
My unborn child, so much to say  
A light, a spark Scattered though the lovers snow  
Whispered in the breeze unknown  
You missed the greatest show Break, breaking off is all we do  
Awake, but sleeping at the same time too  
We lovers but we're stars Grace, make another starlit sky  
The place, everything we meant to buy  
With the shadow of these cards  
A game, a joke What else could I hope to know?  
Something always made us choke  
Embers some would say  
Awake, asleep It's the greatest show on earth  
The whole world celebrates your birth  
One child, they'll never know
