

# Love La

## Young Scrap

West Coast, West Coast, West Coast  
If you with it, then I'm with it  
We can do it in a minute  
Open up and let me hit it  
Big hips I'm workin' with it  
Born and raised, that's why I love LA  
Got my life then I'ma live it  
Need some money, I'ma get it  
Shoot first then get a grip  
That's about how Cali live it  
Lookin' for a super chicken  
I can give a super dick in  
Her man don't even know she missin'  
Everyday  
Chrome 100 spoke spinnin'  
Glocks spittin', Hennessey sippin'  
Wanna party, I ain't trippin'  
64 hittin', stay representin', I was  
Born and raised, that's why I love LA  
I'm gone keep dippin', yeah  
I'm gone keep switchin' lanes  
I'm gone keep ridin'  
You know there ain't a damn thing changed  
You pop lock, we pop glocks  
I just came to have some fun and get drunk  
In the club I came to party  
Born and raised, that's why I love LA  
Cadillac 4 do with a ho named Po Ko  
Spit flame, got the rap game in a choke hold  
Hoppin' lo lo's on Dayton Danes in mo mo's  
Born and raised, that's why I love LA  
Ain't no place like home, I hate being on promo  
I don't like dressin', I don't smoke hydro  
Yeah, I got kush and I roll with a fo fo  
Bulletproof vest and a kilo of do do  
Minglin', I'm dippin' and dabbin'

I don't care if that's yo bitch I'm still stabbin'

You pulled heat and don't pop I'm laughin'

I was

Born and raised, that's why I love LA

I'm gone keep dippin', yeah

I'm gone keep switchin' lanes

I'm gone keep ridin'

You know there ain't a damn thing changed

You pop lock, we pop glocks

I just came to have some fun and get drunk

In the club I came to party

Born and raised, that's why I love LA

I'm gone keep dippin', yeah

I'm gone keep switchin' lanes

I'm gone keep ridin'

And you know there ain't a damn thing changed

You pop lock, we pop glocks

I just came to have some fun and get drunk

In the club I came to party

Born and raised, that's why I love LA

Born and raised, that's why I love LA
