Gabriel

Luka Bloom

Gabriel, can't you hear me
Hear me call in the night
Gabriel, never leave me
Just stay here by my sideMy angel watches over me
And keeps me from all harm
I close my eyes at the end of the day
And lie in my angel's armsMy angel knows the darkest places
Deep down in my soul
And loves me when I can't myself
And tells what I need to be toldGabriel, can't you hear me
Hear me call in the night
Gabriel, never leave me
Just stay here by my side, my angelIf I lose my way or step out of line
Let me hear you say I'll be fine
My angel, my angel
Gabriel
