

Salt the Earth (feat. Angeltheory)

Assemblage 23

Set the demons loose
And all that stands before you
Unleash the dogs of war
And let them chase the bastards down(CHORUS)
Burn the bridges, salt the earth!
Reset the counter back to zero
Tear existence from its frame
Never look back never returnRain the heavens down
In the name of retribution
Cut off the oxygen
And watch the flame slowly choke out(CHORUS)
Burn the bridges, salt the earth!
Reset the counter back to zero
Tear existence from its frame
Never look back never returnCaught on, catastrophe
To shatter Fate's foundations
Make your own destiny
And leave poison in the past(CHORUS)
Burn the bridges, salt the earth!
Reset the counter back to zero
Tear existence from its frame
Never look back never return
