Stuck On You

Ciara

Margiela, Pucci, Givency
All of that fly look good on me
Gorilla, Jordan, Cavalli
Wanan know what's next, just wait on me
London, Paris, Tokyo
All of these places that we can go
New York, Vegas, to overseas
Ain't nothing like rolling with a Georgia peachYou can't seem to get me off your brain
Going crazy, about to go insane
I won't stop until you scream my name
There's no limit where we're going babeDon't you know that we're just getting started
Ain't nothing really dropping till we get in the party
Go head and take your chance, if we're lucky
Everybody gon' be right here rocking until the morning
Here it go'Cause I wanna get stuck on you tonight
Yeah I wanna get stuck on you tonight
Tell me can I get stuck on you tonight
'Cause I'm gonna get stuck on you tonightYou can't seem to get me off your brain
Going crazy, about to go insane
I won't stop until you scream my name
There's no limit where we're going babeDon't you know that we're just getting started
Ain't nothing really dropping till we get in the party
Go head and take your chance, if we're lucky

Ain't nothing like rolling with a Georgia peachBaby don't say you wanna stop
Imagine all that we could be

Imagine all that we could be
Don't say you wanna stop
The way you move, the things you do
I know you feel the same, ohBreak it down
Sounds so good
I like that
Harmony work it
Get into it
Yes, yes, yesDon't you know that we're just getting started
Ain't nothing really dropping till we get in the party
Go head and take your chance, if we're lucky
Everybody gon' be right here rocking until the morningDon't you know that we're just getting started
