I'm Not Sleeping Anymore

Boy George

Oh yea

Why do you make it hard to love you?

You know sometimes it's hard to care

If you just give me time

Let me free up my mind I'll be thereYou want to be the perfect lover, I know you do

But the talk is cheap what does it show?

I know one day you're gonna find

That all lovers, they're blind

You know that they are But I'm not sleepin' anymore

I'm not sleepin' anymoreSee I woke up to find

You were still on my mind

You know that you are

Yes, you know that you are Yea yea yea

Know that you are You say that you need me

Give me time, give me time

You know that you'll always

Always be mine'Cause I woke up to find

That you were still on my mind

You know that you are

Yes you are But I'm not sleepin' anymore

I'm not sleepin' anymore You know one day you're gonna find

That all lovers, they're so blind

You know that they are

You know that you are I'm not sleepin' anymore

I'm not sleepin' anymore

No, no, no, no

I'm not sleepin' anymore

Ohh, yea
