Down In The Trenches

Dr. Sin

In my life I took so many chances
I always said I wasn't scared to die
Now I'm here, down in the trenches
Looking death between the eyesGood times and not so good
I had it all - And I remember like it was today
Now I will have
to leave it all behindOh Lord! Tell me what to do
God have mercy on meOh Lord! Show me the way
Give me a chance to carry onGreen grass, springtime, I had a dog once
My mother's eyes, I broke my leg - Saw the world
I made love - Joined the army, I got shotHard times and struggle and arguments
Who won? It doesn't really matter now -
Now there's no one who can help me outOh Lord! Tell me what to do
God have mercy on meOh Lord! Show mw the way
Give me the chance to carry onDown in the trenches
