

Serve This Royalty

Cody ChesnuTT

We kick crowns, kings, and Adidas
We kick crowns, kings, and Adidas
Get high bitches, get high niggas
We kick crowns, kings, and Adidas
This shit is fresh...Platinum chains and rings is
All a brother knows now
Girl, you one of the first to know
Gold is back in town
So you gotta serve this royalty
Believing in me and my dreams
Serving this royalty right
Trust what I say and what I see and we can get itThe dream is real if you serve this royalty
Leave your mama's house, make her proud
Serve this royalty right
From the valleys of Spain to the snowed banks of Maine
We can run this game
If you serve this royalty rightPeople think that I'm lazy
People think that I'm this fool because
I give a fuck about the government
I didn't graduate from high school
But I learn how it's done
So I'm gonna be number one
Thank you Jesus, for my mama
And I thank you bitches, for my money
