

# We Got Used To Us

## Riverside

When I scroll back through our recent days  
I try to understand  
How we could forget  
We made a promise to one another  
That nothing would ever break what we had  
Now we never talk when we fall apart  
We never talk when we fall apart  
We pretend were ok  
Surrounding ourselves with one-way friendships  
And so-called friends I know we got used to new us  
And I dont want to be there  
I dont want to be there  
Where we are  
I know we got used to new life  
And I dont want to be there  
No, I dont want to be there  
Where we are Silence fallen between  
All the doors are locked  
All the words unsaid  
And were still afraid of time  
Started to keep ourselves  
At a distance that we could control  
Not too close  
Not too far  
Now we never talk when we fall apart  
We just never talk when we fall apart  
We pretend were ok  
By filling up our inner space  
With little hates  
And so-called love I know we got used to new us  
And I dont want to be there  
I dont want to be there  
Where we are  
I know we got used to new life  
And I dont want to be there  
No, I dont want to be there  
Where we are
