Look At You

Hanson

Look at you baby
Standing in the shadows
Wonderin' what I'm doin' here
Wishin' somethin' would happen
Maybe I could disappear
She walks in with that look in her eye
Somehow she doesn't even have to try
Just kick off your shoes, get on the floor
This is what we came here for
Oh, oh oh, you've got to break it down
You've got to get it out, just get on the floor
Everybody wonders when they look at you
Everybody wonders what you're gonna do
You got it all wrapped up, you do
Everybody wonders when they look at, look at you
Look at you baby, look at you baby
In the middle of the dance floor
Lights shinin' on my face
Twistin', shoutin' there was no doubt
People dancing all over the place
Out of the corner of my eye
She said "Why don't you come and give it a try?"
Get on the floor, just kick off your shoes
You ain't got a thing to lose
Oh, oh oh, you've got to break it down
It's time to get it out, just get on the floor
Everybody wonders when they look at you
Everybody wonders what you're gonna do
You got it all wrapped up, you do
Everybody wonders when they look at, look at you
I say look at you baby
Look at you, look at you baby
I say look at you baby
Look at you, look at you baby
Look at you, look at you baby
Look at you, look at you baby
Oh oh oh, baby
Look at you, look at you baby
Look at you, look at you baby

Look at you, look at you baby
Oh oh oh, baby
Standing in the shadows
Wonderin' why I'm here
Wishin' somethin' would happen
Baby I could disappear
She breaks the silence with a move of her hips
You better hold on, don't lose your grip
Kick off your shoes, get on the floor
This is what we're waiting for
Oh, oh oh, you've got to break it down
You've got to get it out, just get on the floor
Everybody wonders when they look at you
Everybody wonders what you're gonna do
You got it all wrapped up, you do
Everybody wonders when they look at, look at you
Just look at you baby
Oh, just look at you baby
Just look at you baby
Oh, just look at you baby
Look at you, look at you baby
Look at you, look at you baby
Look at you, look at you baby
Oh oh oh, baby
Look at you, look at you baby
Look at you, look at you baby
Look at you, look at you baby
Oh oh oh, baby
Look at you, look at you baby
Look at you, look at you baby
Look at you, look at you baby
Oh oh oh, baby
Look at you, look at you baby
Look at you, look at you baby
Look at you, look at you baby
Oh oh oh, baby
Look at you baby, look at you baby, look at you baby
Look at you baby, look at you baby
Everybody wonderin' baby, baby, baby
