

Taxi Taxi

[Cher](#)

All these streets are never ending
Tie them in a knot
Drive me through a red light waiting
For everyone to stopSing to me like Pavarotti
Sing to me of Spain
Take me to you operetta
And make it rainTaxi, taxi give me a ride
I'm gonna take you to the other side
Taxi, taxi, turn off your lights
I'm gonna ride with you all nightTake me to your meditation
Take me to your door
Show me love's sweet revelation
Lying on your floorHold me in your arms forever
Take me to the end
Drive me to the edge of nowhere
And sing againTaxi, taxi give me a ride
I'm gonna take you to the other side
Taxi, taxi, turn off your lights
I'm gonna ride with you all nightYou're as cool as Colorado
And Orpheus on fire
Crash the car into a rainbow
Here with me tonightAll the satellites are shining
In the starry sky
And I can feel your arms surround me
Higher and higherTaxi, taxi give me a ride
I'm gonna take you to the other side
Taxi, taxi turn off your lights
I'm gonna ride with you all nightTaxi, taxi
Taxi, taxi
Sing to me like Pavarotti
Sing to meTaxi, taxi give me a ride
I'm gonna take you to the other side
Taxi, taxi turn off your lights
I'm gonna ride with you all nightTaxi, taxi give me a ride
I'm gonna ride with you all night
Taxi, taxi
I'm gonna ride with you all nightI'm gonna ride with you all night
I'm gonna ride with you all night
I'm gonna ride with you all nightTaxi, taxi

I'm gonna ride with you all night

Taxi, taxi

I'm gonna ride with you all night

I'm gonna ride with you all night

I'm gonna ride with you all night

Taxi, taxi
