

# Your Eyes

Jai Waetford

It started out with a picture  
Now it's war with the mirror  
I can't win your fight  
I hope you know that you never  
Have to be on the cover  
Girl, you're already mine

No matter what I do  
It's like you never see you  
The way that I want you to  
You're the one that I've been dreaming of  
All this time

What's it gonna take to show you  
I'd give the world up just to hold you  
When the stars fill up the sky  
They got nothing on your eyes  
What's it gonna take to show you  
I'd give the world up just to hold you  
When it all becomes too much  
I hope this song will be enough

aye,aye,aye,aye,aye,aye. aye,aye,aye,aye,aye,aye,oh  
When the stars fill up the sky  
aye,aye,aye,aye,aye,aye. aye,aye,aye,aye,aye,aye,oh  
They got nothing on your eyes

Go and take down the posters  
Say goodbye, nice to know you  
Then you'll realize  
That girl your beauty is blinding  
So there's no point denying  
You don't have to try,oh

No matter what I do  
It's like you never see you  
The way that I want you to  
You're the one that I've been dreaming of  
All this time

What's it gonna take to show you  
I'd give the world up just to hold you  
When the stars fill up the sky  
They got nothing on your eyes  
What's it gonna take to show you  
I'd give the world up just to hold you  
When it all becomes too much  
I hope this song will be enough

aye,aye,aye,aye,aye,aye. aye,aye,aye,aye,aye,aye,oh  
When the stars fill up the sky  
aye,aye,aye,aye,aye,aye. aye,aye,aye,aye,aye,aye,oh  
They got nothing on your eyes
