Wishing for the Fire

Cinnamon Chasers

Youâ€™ve got nowhere to run and go.
Youâ€™ve got nowhere to call your own home.
Good luck 'cause now you're on the road.
Maybe somewhere new will bring you hope.

You set my heart on fire, and I wonâ€™t feel ashamed of you.
Wishing for the fire, I wonâ€™t let you be alone.

Never wanna say we didn't try.
Cause these are the best days of our time.
Feels good to have you by my side.
Our dreams will one day change our lives.

You set my heart on fire, and I wonâ€™t feel ashamed of you.
Wishing for the fire, I wonâ€™t let you be alone.
