

Big TV (Tube & Berger Work For Free Remix)

White Lies

Slow
I'm gonna settle down slow
Down to the home of
Electric life and soulFaith
In my hands a trait
But for the word I
The light of a bitter sayAnd you can get me work
But I can't work for free
I've got a room downtown
With a bed and a big TVIf you can raise a star
From garbage on the street
Then you can make a modern life
For a modern girl to leadAlone
I feel alone
When I'm living in a building
Like a tooth in heaven's throatTrue
It's a beautiful view
But you know they're gonna set it on fire
When they feel like something newAnd you can get me work
But I can't work for free
I've got a room downtown
With a bed and a big TVIf you can raise a star
From garbage on the street
Then you can make a modern life
For a modern girl to leadBut why can't anything be real?
Emotion like the movies feel
?So bring me to the hand of fate
The river on a new
So I can wash the empty hours awayBut why can't anything be real?
Emotion like the movies feelSo bring me to the hand of fate
The river on a new arcadeAnd you can get me work
But I can't work for free
I've got a room downtown
With a bed and a big TVIf you can raise a star
From garbage on the street
Then you can make a modern life
For a modern girl to leadCause I'm living in a room downtown
With a bed and a big TVCause I'm living in a room downtown
With a bed and a big TVCause I'm living in a room downtown

With a bed and a big TVCause I'm living in a room downtown
With a bed and a big TVCause I'm living in a room downtown
With a bed and a big TVCause I'm living in a room downtown
With a bed and a big TV
