

Birthday Girl

Trembling Blue Stars

You're far from me
Somewhere I can't reach
I'm hearing words
From a lonely galaxy
Faced with your sorrow
I'm feeling, I feel so
Helpless for I don't know
How to make you happy
How to make you happy
You're far from me
Somewhere I can't reach
I'm hearing words
Sad and clear from nowhere near
Faced with your sorrow
I'm feeling, I feel so
Helpless as I hope
You can make it back alone
You can make it back alone
