

# The Look In Your Eyes

## Maze

Where I am gonna be tomorrow  
And where in the world have I been?  
How did it get that far When does the madness stop  
Where is it taking me, how did it begin?  
How did it begin? With the look in your eyes  
The look in your eyes, I see you standing there  
With the look in your eyes  
The look in your eyes, with the look in your eyes What are all of these changes  
Can't you see take a look around  
Just another episode As this old world turns  
Deep inside this heart of mine  
A wildfire burns and it burns With the look in your eyes  
The look in your eyes, I see you all alone  
With the look in your eyes  
The look in your eyes At night I look to the sky  
We'll reach forever you and I, forever you and I  
I look in your eyes, you're all I see  
I shut the world out surrounding me If you're gonna have sunshine  
Lord knows, gotta stand the rain  
But sometimes I get to feelin'  
It ain't worth all this pain With the look in your eyes  
The look in your eyes, I see you standing there  
With the look in your eyes  
The look in your eyes, with the look in your eyes
