

Would If I Could

Auf Der Maur

For today I'm lost without you
Forgot the way to be without you
Yeah you know I would stay alone
Yes I would if I could stay alone
But for today I'm lost without you I need a way to be without you
Need a way to find just a few of you
Yeah you know I would stay alone
Yes I would if I could stay at home
Don't you know I would if I could? Remember the day I was lost without you?
I found a friend who laughs just like you
Yes I would stay alone
Yes I would if I could
