

Mosquito Song (Hidden Track)

Queens of the Stone Age

Oh, I know the sun is hot, mosquitoes come suck your blood
Leave you there all alone just skin and bone
When you walk among the trees listening to the leaves
The further I go the less I know the less I know Where will you run? Where will you hide?
Lullabies to paralyze Fat and soft, pink and weak, foot and thigh, tongue and cheek
You know I'm told they swallow you whole skin and bone
Cutting boards and hanging hooks, bloody knives, cooking books
Promising you won't feel a thing at all Swallowing chewed, eat you alive
All of us food, hasn't died
And the life says Somehow they pick and pluck, tenderize bone to dust
The sweetest grease, finest meat you'll ever taste
(Taste, taste)
So you scream, whine, and yell, supple sounds of dinner bells
We all will feed the worms and trees, so don't be shy Swallowing chewed, eat you alive
All of us food that hasn't died
