

# Catch a Hot One

AFI

Let's tap your heart  
So, we can paint the walls  
And see if anybody likes the tone  
(Or the pain)The hungry eyes  
Waiting for your life flash  
Now, they're gonna see it  
(Now, they're gonna see it)Open your veins  
So, we can make a pool and bathe  
And see if anyone complains  
(Of the stain)Let's strip you down  
So, we can see your old scars  
Now, you're gonna feel it  
(Now, you're gonna feel it)  
Show me how to shine nowHave you turned, turned to dust?  
I saw an insect learn to fly  
Have you ever seen the kingdom of the flies?  
(It's form was scorned)Have you lost the sense of touch?  
I saw it stay in sovereignty  
Have you ever turned to dust?Let's lift you up  
So, we can see how fast you fall  
We always thought that you could fly  
(Now, you'll crawl)The lack of loyalty  
You thought, you once felt  
Now, you're gonna feel it  
(Now, you're gonna feel it)  
Show me how to shine nowHave you turned, turned to dust?  
I saw an insect learn to fly  
Have you ever seen the kingdom of the flies?  
(It's form was scorned)Have you lost the sense of touch?  
I saw it stay in sovereignty  
Have you ever turned to dust?Now, show me, now, show me  
Now, show me how to shineNow, show me  
(Oh)  
Now, show me  
(Oh)  
Now, show me  
(Oh)  
How to shineNow, show me  
(Oh)

Now, show me

(Oh)

Now, show me

(Oh)

How to shine Have you turned, turned to dust?

I saw an insect learn to fly

Have you ever seen the kingdom of the flies?

(It's form was scorned) Have you lost the sense of touch?

I saw it stay in sovereignty

Have you ever turned to dust?
