You're the Best

Wet

All I know is
When you hold me
I still feel lonely
Lonely when you hold meAll I know is
I can't focus
On these arms around me
Think of how you found me
Found me in those arms
So large and dark and holding onAll I know is
When you hold me
Are you thinking Rosalie
Or is she in me?
And all the restWell, baby, you're the best
We'll figure out the rest
And maybe it's a test
I think we'd better quit while we're aheadAll I know is
When we're sleeping
Our friends, they creep in
And all the restAll I know is
You hardly know me
But you still owe me
And all the restWell, baby, you're the best
We'll figure out the rest
And maybe it's a test
I think we'd better quit while we're ahead
