

# Black Water

## Reuben And The Dark

Well I get high and I get low  
Oh but that's the way  
These things go  
I saw my face in the mirror  
Though I know I've changed  
Though I look  
Much the same  
I found grace in the black water bathe my soul  
And tell my heart  
I told you so  
I like fate in the lion's cage  
And wait for my time to come  
But I'm begging please  
I need this so  
More than you'll ever know  
Oh well, I get high and I get low  
Oh, but that's the way these things go  
I saw my face in the mirror  
And though I know I've changed  
Though it looks  
Much the same  
I found grace in the black water bathe my soul  
And tell my heart  
I told you so
