Without A Trace

Trust Company

Another Day
Some Other Way
I Fall along the wayside
Drifting away
And What I need
Inside of me
I'll find a way to say
And push it all away
I'm holding on to anything
I'm floting here in space
I'm reaching out for anyone
To save me from this place
I can't remember anything
I'm lost without a trace again

So far away into the gray
I'm trying to remember
And find the words to say
Another day
Some other way

Another Day
Some Other Way
I Fall along the wayside
Drifting away
And What I need
Inside of me
I'll find a way to say
And push it all away
I'm holding on to anything
I'm floting here in space
I'm reaching out for anyone
To save me from this place
I can't remember anything
I'm lost without a trace again
I'm waiting here for anyone
I'm floating here in space
I'm reaching out for anyone
To save me from this place

I can't remember anything
I'm lost without a trace again
