

# The Rain

## Tech N9ne

[Tech N9ne: Intro]  
I now pronounce  
Me and music together  
From now  
Until the end of time (time)[Tech N9ne]  
Always on the road  
Doing hella shows  
Day to day, high and lows  
But that's just how it goes when you grinding  
Homie ain't no rewinding time with the family behind  
In this business that I'm in  
I don't feel anything  
It's hard remembering places and faces  
They think I'm what December brings  
The day is just like moments turned to hours  
Autographs, sound check, radio spots and quick showers  
Hit the stage and get so much love from the fans  
Keep it rough with the fellas  
But I make the ladies wanna dance  
And still I don't think you understand what's real  
While I'm with you  
With my wife, another chance is killed  
And my kids,  
All 3 of them suffer in the worst way  
Cause last year I missed all three of their birthdays  
So when you see me with my eyes full of pain, give me love  
Cause these are three of the reasons why I call the road the rain[Chorus]  
So here we are now (In the rain)  
A superstar now (In the rain)  
So far now (In the rain)  
The Rain (I walk in the rain)  
I live my life like (In the rain)  
Just for the limelite (Is it right or is it wrong)[Alyia Yates, (Tech N9ne)]  
(My little girl says)  
Daddy (What'up)  
Me and Reign really miss you (Oh yeah)  
Not to mention momma always need a tissue (Yeah)  
I saw your picture in the paper and I kissed you (Oh yeah)  
I heard you won't be home for Halloween

Is this true? (Right after Halloween baby)  
Yeah I'm used to it  
Why don't you teach me and Reign how to produce music? (Ha)  
So we can travel everywhere that you travelin,  
Being a family me and sissy fightin and tattelin (Haha)  
I know you miss that (No)  
I know you dig that  
Do your fans ever wonder about where your kids at? (Yeah)  
Is Donny really comin to move with us in L.A.? (Uh...)  
Will mommy still love you and be with you everyday? (Um...)  
I gotta go now, I love you daddy but slow down (Yeah)  
There's not enough Tecca Ninas to go around (Aw...)  
Reignbow's cryin, she wants to talk to you badly  
(What's up Reignbow baby?)[Reign Yates] I love you daddy[Chorus]  
So here we are now (In the rain)  
A superstar now (In the rain)  
So far now (In the rain)  
The Rain (I walk in the rain)  
I live my life like (In the rain)  
Just for the limelite (Is it right or is it wrong)[Tech N9ne]  
I love my fans,  
Cause they make it possible for me to provide for the fam  
The fact that my life is in shambles  
They could give a damn  
When it shakes, then they choose it  
Fakes who hate, lose it  
They love my pain cause it makes for great music  
But in the interim  
This family matter is a tender one  
I might leave in January and come back  
When the winter come  
Like, calling my wife in the rain and end up getting into a dumb fight  
Cause she lonely, you try to consult her but you ain't come right  
So it's about what and what?  
You give them everything they need  
But what they need is your presence indeed  
Life, yes it's been a strainer  
It's like I've been a stranger to my kids and my wife  
That's the life of an entertainer  
More money to gain  
More people to change  
Sore deep in the game  
The worlds peepin my pain  
Out on the road bustin for sure, reachin for fame  
Healthy relationships,

You can't have them when you live your life in the rain[Chorus][2x]

So here we are now (In the rain)

A superstar now (In the rain)

So far now (In the rain)

The Rain (I walk in the rain)

I live my life like (In the rain)

Just for the limelite (Is it right or is it wrong)
