Last Man Standing

Steve Lukather

Waking up in a different life
A sea of strangers everywhere
How am i supposed to
Find my way back home
Trampling through the sands of time
Back to where i started
But somebody must've torn up the roadIt's hard to face the truth alone
I'm searchin' for a kindered soul
To see an old friend's face
I'd give everything i own
The future's comin' down like rain
To wash away theese yesterdays
Feelin' stranded here
With nowhere else to go
And i wont' give up, and i won't give in
Even if i'm the Last Man Standing
On this lonley road
Full of sticks and stonesWhen my journey ends,
Will i find out then
Is the end worth waiting for
Wish that i could know
Before the credits roll.Show me the truth
Walking backwards through a crowd
No sense of direction now
I'm feeling like i've been here once before
The ghosts keep floating by my face
The future of the human race
As long as i can stay here I'll hang on
Inside the time and place that i belongCHORUS
