Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-ohYou shine like a star to me
And my heart is wide just like the sea
So many eyes see your beauty
But i'm the only one to feel the heartbeatCause nobody, nobody, nobody
Love you like I love you girl
Oh yeah, and I got you, I got you
When it get's dark in this lonely world oohWhenever you're lost
I'm never too far away
Whenever you're lost
I guide you right back to meI'll be your lighthouse
Reach for me girl
I'm never too far
I'll be your lighthouse
Oh ooh
