Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh You shine like a star to me
And my heart is wide just like the sea
So many eyes see your beauty
But i'm the only one to feel the heartbeat Cause nobody, nobody, nobody
Love you like I love you girl
Oh yeah, and I got you, I got you
When it get's dark in this lonely world ooh Whenever you're lost
I'm never too far away
Whenever you're lost
I guide you right back to me I'll be your lighthouse
Reach for me girl
I'm never too far
I'll be your lighthouse
Oh ooh
Come find me girl
Way-oh way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh Do you hear the words I speak
I'm sure you're wondering if they are unique
Don't think for a minute that my souls not in it
I'll be the anchor when you call Cause nobody, nobody, nobody
Love you like I love you girl
Oh yeah, and I got you, I got you
When it get's dark in this lonely world ooh Whenever you're lost
I'm never too far away
Whenever you're lost
I guide you right back to me I'll be your lighthouse
Reach for me girl
I'm never too far
I'll be your lighthouse
Oh ooh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh

Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh Whenever you're lost
I'm never too far away
Whenever you're lost
I guide you right back to me I'll be your lighthouse
Reach for me girl
I'm never too far
I'll be your lighthouse
Oh ooh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
