Thinkin' About the Years

Haywire

It's like I wake up
It seems not so far away
We started out our lives for reasons
Good or bad
When your feelings get lost
And friends do too
You know that life goes on and on
And so will you

Through her voice
Brought us all to tears
And together, oh
For the last time

Oh, thinkin' about the years
Time moves fast, my friends
Oh, thinkin' about the years
When will we meet again
Oh, thinkin' about the years

Oh, when your questions
Can only be answered in time
It's always been the hardest part
To say goodbye
And you look around this crowded room
Feelin' shared
Go back to that same room now
And no one's there

Through her voice
Brought us all to tears
And together, oh
For the last time

Oh, thinkin' about the years
As time rolls back to you
Oh, thinkin' about the years
When will we meet again
Oh, thinkin' about the years
My mind goes back there too

Oh, thinkin' about the years

Ohhhhhh
Oh, thinkin' about the years
Time moves fast, my friends
Oh, thinkin' about the years
When will we meet again
Oh, thinkin' about the years
As time rolls back to you
Oh, thinkin' about the years
My mind goes back there
