

Being Here

Carter the Unstoppable Sex Machine

Don't kiss me quick
I'm about to be sick
All over my favorite shoes If you pin back my tongue
With a stapling gun
It won't stop me from singing the blues I'm as drunk as a skunk
And the national front
Have kicked me all over this bar I'd go back to Ian's house
But Ian's house is too far
The pinch and the punch
Were for the first of the month
