

I Got a Mind to Travel

Coco Montoya

Gotta mind to travel
Got a mind to go back home
Gotta mind to travel
Got a mind to go back home
You see bamp so damn hard
I found my little girl wasn't there

I get my breakfast at this morning
Blow a coffee all in my head
I get my breakfast at this morning
Blow a coffee all in my head
I felt so down damn hurted
I found my little girl wasn't there

I got my suitcase packed
I'm hitting down the road with track
I got my suitcase packed
I'm hitting down the road with track
I'm looking for my baby gotta try get my baby back

I gotta mind to travel
Got a mind to go back home
Gotta mind to travel,
Got a mind to go back home
You see bamp so damn hard
You see I felt so damn hurted
Ever since my baby was gone
