Smother

Papa vs Pretty

If you think I care
You've gotta be wrong
as to when you call with nothing to say
I still answerand I'm cracking smiles
tenderly she smothers me she's killiing me slowi won't know when I'm dead or alive
tenderly she smothers me she's killing me
i won't know when I'm dead or alivetenderly
so tenderly
she smothers me
so tenderlyf-f-f-fuck you fear
the reason I'm standing here
now I'm gonna kick down doors
and throw sand in the face of my enemies
they say success is the best revenge
and i feel like I'm starting to winlook at ...
tenderly she smothers me she's killiing me slowi won't know whether I'm dead or not
tenderly she smothers me she's killing me
i won't know whether I'm dead or not
