

Smother

Papa vs Pretty

If you think I care
You've gotta be wrong
as to when you call with nothing to say
I still answer and I'm cracking smiles
tenderly she smothers me she's killing me slow i won't know when I'm dead or alive
tenderly she smothers me she's killing me
i won't know when I'm dead or alive tenderly
so tenderly
she smothers me
so tenderly f-f-fuck you fear
the reason I'm standing here
now I'm gonna kick down doors
and throw sand in the face of my enemies
they say success is the best revenge
and i feel like I'm starting to win look at ...
tenderly she smothers me she's killing me slow i won't know whether I'm dead or not
tenderly she smothers me she's killing me
i won't know whether I'm dead or not
