Shapeshifter

Celldweller

(Styles of Beyond S.O.B. verse 1)
Get ready
Get ready, get set
Get ready, get set, let's roll
Ha, get ready, get set, let's roll
Road warrior in a bit of petrol
Red, yellow, hit green, then go, breathe in slow
S.O.B
You ain't never seen nothing so rugged at 90
Uh huh, motha'fucka with the cops behind me yo!
The boiler's grinding, keep the cuffs, enjoy your doughnuts sir, you Ain't gonna find me
It's not likely their brains is blown out
You're chasing a ghost with no brakes, slow down
Hundred proof octane, ready to drink bitch
Stop playing, I'm hot man, gimme that pink slip
Time's up, the animals crept through
Leave them in the dust with a packet of jet fuel
Too quick, eat 'em up, better for pet food
No brain, slow lane, missing your head screws
Skin and bones let mess with your chrome set
Tricked out, hopping like your cruse in a cold chest
Parked in eagle with a safety pin
Take the backseat, now let the games begin, yeah
(Celldweller [S.O.B.] chorus)
[Ha, get ready, get set, let's roll
Road warrior in a bit of petrol
Red, yellow, hit green, then go, breathe in slow]
Shape shifter

[Come on man, you can't be real
I'll show you what it is, let the anthem build]
Shape shifter
[Put the pedal to the metal and go](S.O.B. verse 2)
Tough match, you lost by a hubcap
The Big Boss spray painted on my mud flap
Get a rush, yeah we're calling your cold bluff
Can never get enough
Step in, hold your breath and hang tight
Known for the big dollar bet in the cage fight

You're playing with the sharks, step inside
Everybody on your mark, get set, now let's ride.
That's right, put the pedal to the metal and go
The yellow madellow slicks on sending 'em home
Stick cars in the concrete, gripping the road
So quick, get in the palm trees, look out, whoa
We got car keys hooked to remote controls
Hit a button that'll smoke any whip you own
I told you, I don't want to close your casket
Quit now before you go blowing a gasket
(Chorus)
(Celldweller verse 3)
Melting, meltdown
While time is shifting
Transist, transform
Yielding, bending (out purposly)
While time is shifting
Two shapes they can't get straight
(Chorus)
