Consumed In Darkness

Jungle Rot

consumed in darkness
burned with flames
blistering bodies
scream in pain
blackness taking over
heat will burn your eyes
dealing devil
dooms day will arisefeel - the pain
your life - I drainyour maker
will soon arrive
to this violent ending
to a hopeless lifelying in the weeds
stab wounds through
your neck
draining all your blood
gashes in your back
evil ways are coming
tearing limb from limb
evil eyes are staring
wanting you to killin the night
I come to you
live or die what
do you choose
I grab your neckI slice your skin
feel my rage as you
start to bleedsteal your life
I love to kill
torturing an evil chill
asphyxiate your face is blue
I watch your eyes
as you start to dieconsumed in darkness
I rage you bleed
