

Weekend

Class Actress

I pace the room every time you leave
Fall apart because you're all I need
You make me late for work
You make me late for church
So hard to leave So bring it on
Bring on the weekend
Bring it on
Bring on the weekend So bring it on
Bring on the weekend
Bring it on
Bring on the weekend Why you gotta make it so ha-hard on me?
Why you gotta make it so ha-hard on me?
Why you gotta make it so ha-ha-hard? I pace the room every time you leave
What am I ever gonna do
To make it easy on me
We'll see the sun
You're the only one
Who can make it so hard on me So ha-ha-hard on me
So ha-ha-hard So bring it on
Bring on the weekend
Bring it on
Bring on the weekend So bring it on
Bring on the weekend
Bring it on
Bring on the weekend Why you gotta make so it ha-hard on me?
Why you gotta make so it ha-hard on me?
Why you gotta make so it ha-ha-hard? Why you wanna make it so ha-hard on me?
Why you gotta make it so ha-hard on me?
Why you gotta make it so hard to leave? So bring it on
Bring on the weekend
Bring it on
Bring on the weekend So bring it on
Bring on the weekend
Bring it on
Bring on the weekend So bring it on
Bring on the weekend
Bring it on
Bring on the weekend So bring it on
Bring on the weekend

Bring it on
Bring on the weekendAll I can think about
Is what you gonna do to meAll I can think about
Is what you gonna do to meAll I can think about
Is what you gonna do to meAll I can think about
Is what you gonna do to me
