

# Before

## Empire of the Sun

It's a new wave crashing in the ocean  
Infinity, crystal creation  
Memory whisper over water  
Come with me, let's be like the ocean Come wash the clouds away  
Can't wait for summer  
Come wash the clouds away  
Can't wait for summer Before I met you  
I was lost at sea It's a new wave crashing in the ocean  
Infinity, crystal creation  
Memory whisper over water  
Come with me, let's be like the ocean Come wash the clouds away  
Can't wait for summer  
Come wash the clouds away  
Can't wait for summer Life was just a photo  
Faded on my desk while I was ruling the world  
Swim against the current  
Losing my direction  
But I did not leave no one Before I met you  
I was lost at sea Before I met you  
I was lost at sea I won't be far from the ocean of you  
Never undone, know where I'm done  
I can't be far from whatever I need  
Bluest ocean, bluer ocean I won't be far from the ocean of you  
Never undone, know where I'm done  
I can't be far from whatever I need  
Bluest ocean, bluer ocean I won't be far from the ocean of you  
Never undone
