The Perfect Pop Band

[Komputer](#)

We don't need to dance or shout
We don't need to pose or count
Our clothes are immaterial
Our songs are quite minimal

We are the perfect pop band
We are the perfect pop band
We are the perfect pop band
We are the perfect pop band

We channel power through our machines
Control the volage to suit our needs
Faders up tracks one to eight
Speaker magnets oscillate

We are the perfect pop band
We are the perfect pop band
We are the perfect pop band
We are the perfect pop band

Nous sommes le groupe pop parfait
Nous sommes le groupe pop parfait

We are the perfect pop band
