

Take The Box (The Headquarters Mix)

Amy Winehouse

Your neighbors were screaming
I don't have a key for downstairs,
so I punched all the buzzers hoping he would be there
And now my head's hurting
You say I always get my own way
But you were in the shower when I got there,
and I don' wanted to stay, but I got nothing to say

You were so beautiful before today
And then I heard what you say
A man that was ugly

The Moschino bra you bought me last Christmas
Put it in the box, put it in the box
Frank's in there and I don't care
Put it in the box, put it in the box
Just take it
Take the box

Take the box

I came home this evening and nothing felt like how it should be
I feel like writing you a letter but that is not me, you know me
Feel so fucking angry, don't wanna be reminded of you
But when I left my shit in your kitchen,
I said goodbye to your bedroom and smiled at you

Mr False Pretense, you don't make sense
I just don't know you
But you make me cry, where's my kiss goodbye?
I think I love you

The Moschino bra you bought me last Christmas
Put it in the box, put it in the box
Frank's in there and I don't care
Put it in the box, put it in the box
Now take it
Take the box
Just take it, take it
Take the box
And now just take the box

Take the box

Take the box
