

The New Evolutionist (Example 'A')

New Musik

A makes a move to a better place
Example B does the same
C, D and E have begun to chase
It happens time and time again
But there are some from another hill
With different views in their eyes
Gifted actors from another play
New evolutionist
New evolutionist
Example A has a brand new suit
B, C and D and E the same
Now everyone's in everybody's shoes
Oh look it's happening again
But there are those in another house
With other messages in mind
And there are some in another room
New evolutionist
New evolutionist
Then there are some from another world
Different writing on the wall
Alternative in another way
New evolutionist
New evolutionist
