4 Minute Warning

Radiohead

This is just a nightmare
Soon I'm gonna wake up
Someone's gonna bring me 'round
Running from the bombers
Hiding in the forest
Running through the fields
Laying flat on the ground
Just like everybody
Stepping over hills
Running from the underground
This is your warning
4 minute warning
I don't wanna hear it
I don't wanna know
I just wanna run and hide
This is just a nightmare
But soon I'm gonna wake up
Someone's gonna bring me 'round
This is our warning
4 minute warning
