Silence

Xavier Rudd

Silence beating down
Silence all around
Well I'm peaceful
At least for now
Silence beating downHere other people they won't see me sad
And if I'm happy they won't share my happiness
For this is peacefulness that won't be shared
For it's time for the spirit
It's time unsaid
This peacefulness that won't be shared
For it's time aloneSilence beating down
Silence all around
And I'm peaceful
At least for now
Silence beating downHere other people they won't see me sad
And if I'm happy they won't share my happiness
For this is peacefulness that won't be shared
For it's time for my spirit and me to spend
This is peacefulness that won't be shared
For it's time alone
