

# Ran for Miles

**Gemma Hayes**

Well, I got myself a new day and I got myself a second chance  
So I headed to the bus stop and the sun, the sun was warm on my back  
Today, I ran for miles just to see what I  
was made of  
Today, I ran for all that was mine  
Well, I got myself a song inside and I got myself some full blown daylight  
Wanna tell you just how hard it's been trying to talk myself out of jumping  
Today, I ran for miles just to see  
what I was made of  
Today, I ran for all that was mine, yeah
