

Dance Floor

Jagged Edge

I see you sitting there
Looking like your glued to your chair
It's a party goin' on in here
Don't you dare be a square I just wanna boogie baby
Just take your time
Ease your mind and
Let the rhythm take control You need to get on, get on the dance floor
'Cause I'm gonna rock your body, baby
Let me rock your body
Girl, just get on, get on the dance floor
Just let me rock your body, baby
I'ma rock your body on the dance floor I got moves I'mma let you see
MJ and Usher got nothin' on me girl, me girl
And not know you can move your thing, momma
And you know just where I'll be I just wanna boogie baby
Just take your time, ease your mind and
I just wanna groove You need to get on, get on the dance floor
'Cause I'm gonna rock your body, baby
Let me rock your body girl
Just get on, get on the dance floor
Just let me rock your body, baby
I'ma rock your body on the dance floor Are you lookin' ?
Stop lookin', just meet me on the floor
Know you thinkin', if you move it
You know you'll want some more
If you trust me, just trust me
We'll walk right out of the door
Girl, such a beautiful night
Started on the dance floor You need to get on, get on the dance floor
'Cause I'm gonna rock your body, baby
Let me rock your body
Girl, just get on, get on the dance floor
Just let me rock your body, baby
I'ma rock your body You need to get on, get on the dance floor
'Cause I'm gonna rock your body, baby
Let me rock your body
Girl, just get on, get on the dance floor
Just let me rock your body, baby
I'ma rock your body on the dance floor
