

# Battlescars

MÃ¼g

Of all the shooting stars I knew  
I never felt at ease with anyone but you  
Don't ever wonder where I go  
Remember that the grass still grows beneath the snow  
When everything around her moves  
Just fall asleep and wake when its all through  
There's battlescars on all my guitars  
But still I come out here and play  
You know I've lost your touch again  
And now I'm only one in twenty fives and then  
I promise not to let you go  
Just close your eyes and sleep right through the falling snow  
And when I finally wash ashore  
I'm coming back to kiss the girl I kissed before  
Before the shooting stars I knew  
I never fell for anyone but you  
There's battlescars on all my guitars  
But I still come out here and play  
There's battlescars on my face and my arms  
But you still kiss me everyday  
There's battlescars on all my guitars  
But I still come out everyday  
There's battlescars on my face and my arms  
But you still kiss me anyway  
There's battlescars on all my guitars  
But I still come out everyday  
There's battlescars on my face and my arms  
But you still kiss me anyway
