

# Lion Heart

Jake Miller

I would never try to thame you and your lion heart  
Promise me you'll never change  
I'm wild for the way you are  
And when we touch it makes me feel love in a stolen car  
So i will never try to thame you  
You and your lion heart  
You and your lion heart  
You and your lion heart  
ooh ooh ooh uohh  
ooh ooh ooh uohhThe will never understand you and your lion heart  
Yeah I'm the only one who can love you the way you are  
So tear me up and set me free  
We'll run underneath the stars  
I swear that I will never leave  
You and your lion heart  
ooh ooh ooh uohh  
ooh ooh ooh uohh  
Yeah girl you're crazyAnd i love it  
This others dudes they don't cut it  
They can't handle the fact you walk your own path  
But me can't get enough of it  
Cause you're wild but me too  
So it's good just come through  
I can show you the night of your life  
Girl we can turn our hole world into a zooYeah  
So baby let me hear your roar  
Compounds on me like never before  
You are the queen of the jungle  
I can be the king  
I am right here, you ain't got to worry about a thing  
You will never go in hungry, I'll fight for you  
Nothing will frighten you, 'cause every night for you  
I could be your light when the stars get dark  
I love you and your lion heart!I could be your light when the sky gets dark  
I love you and your lion heart  
I would never try to thame you and your lion heart  
Promise me you'll never change  
I'm wild for the way you are  
And when we touch it makes me feel love

So i will never try to thame you  
You and your lion heart ooh ooh uohh  
ooh ooh ooh uohh  
Yeahh  
ooh ooh ooh uohh  
ooh ooh ooh uohh  
You and your lion heart  
ooh ooh ooh uohh  
ooh ooh ooh uohh Yeah  
ooh ooh ooh uohh  
ooh ooh ooh uohh  
You and your lion heart  
I would never try to thame you
