

Last Night

Vanessa Hudgens

All I want is to be a part of your weekend
All I need is a little bit of your time
Baby, Im your girl and I need some attention
When you ignore me I just lose my mind I aint gon bug about you going out last night
Though, baby I know that Im the only one in your side
But please dont tell me nothin I dont wanna know what you did last night
I dont wanna hear that you had a good time
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there
I dont wanna know about the other girls there
I just wanna know when youre around youre mine I dont think that Im being obsessive
I dont think that Im being out of line
You got your space and I get to be selfish
You get yours baby and I get mine Im doing just fine as long as we see eye to eye
You with me?
And no no, aint nothing wrong with going out
And having a good time, I dont wanna know nothin I dont wanna know what you did last night
I dont wanna hear that you had a good time
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there
I dont wanna know about the other girls there
I just wanna know when youre around youre mine I can only picture you out meeting someone new
Baby got my mind goin' wild
I know your love is true, but whats a girl to do
All I need is a sign 'Cause I get jealous, oh baby I get jealous, oh so jealous
Dont mess me up with whatever is down I dont wanna know what you did last night
I dont wanna hear that you had a good time
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there
I dont wanna know about the other girls there
I just wanna know when youre around youre mine
