Deep

Marian Hill

Turning over in my bed
Lose myself to dreams instead
Ghostly figures on the walls
Dreams of you have grown so tallGone inside your talk
Inside a smile, i'm unraveling
Caught within your stare
Within your tongue, such a subtle thingLove the way you make me feel, I want it all the time
Hate the way you make me feel, you're all that's on my mind
Losing track and losing time, and I forget to breath
Should've seen the water rising, now I'm in too deep
Standing in my room alone
Yet I'm feeling far from home
Tired as my knuckles white
I've been holdin on too tightStay, you're in my head
You're in my words, even when you're gone
Stick, I've caught your eye
I've caught your chill, and I still hold on
Love the way you make me feel, I want it all the time
Hate the way you make me feel, you're all that's on my mind
Losing track and losing time, and I forget to breath
Should've seen the water rising, now I'm in too deep
